

Morning activities include: games, puzzles, blocks, coloring, rotations (gym or cafeteria) and other enrichment activities. In the gym, children may play soccer, basketball, play with bouncy balls, jump ropes, and other activities to increase their physical activity. Typically children will be grouped by age and all materials used will be age-appropriate.

Afternoon activities include: snack time and recreational activities. Recreational activities include either going outside or playing in the gym (depending on the weather). Children will be grouped by age and all materials used will be age-appropriate.
